

# PUBLIC LEDGER

THIRD YEAR.

MAYSVILLE, KY., FRIDAY, MARCH 9, 1894.

ONE CENT.

IT'S SO IF  
IT'S IN  
THE  
LEDGER.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to let them know.

PADCAIR has six licensed fortune tellers.

J. C. Pison has a palatable novelty in Kandy Kubes.

L. C. Pore has been granted a license to sell lozenges at Brookville.

CENTER COLLEGE has more students enrolled than ever before in its history.

THE Covington Masons think of building a handsome new Temple in that city.

G. W. LEAHY has been engaged as Principal of the Flemingsburg High School for next year.

JOHN C. KISO, the oldest undertaker in Louisville, is dead. He had been in business for thirty-eight years.

CONGRESSMAN CARUTH has presented in the House a bill to cede to the city of Louisville the old Postoffice building for a public library.

For the Lord's sake won't somebody get a clock and kill off a few of the "Professors"? Every crossroad school-teacher, who scarcely knows a hawk from a hand-saw, is paraded in the papers as Professor.

JAMES W. FITZGERALD has sold an interest in the Limestone Stock Farm to Robert Litter of Point Pleasant, who will move here this week and assume management of the farm. Mr. Litter formerly lived at Mayfield and afterwards at Augusta.

THE Louisville Times of February 23d came to THE LEDGER office yesterday afternoon, piping hot and almost out of breath. Its early arrival is due, no doubt, to the new Democratic Postmaster at Louisville. For a certainty, Mayville's not in fault.

In another column will be found the advertisement of Crawford & Cady, the Model Grocers. They are making a special drive in brooms, and now is the time to sweep out the winter's sweeping to make room for the fresh spring vegetables and other goodies they are offering. Go early to avoid the rush.

READERS of THE LEDGER should not forget the fact that Magic City No. 2 will be given out Saturday afternoon beginning at 1 o'clock. Save all your coupons and be on hand for it. Subscribers out of the city will have their numbers mailed to them from Philadelphia. Get your coupons into this office and you will receive your views.

In Mayville Tomorrow Night.

Probably no play from the pen of a native playwright has afforded good wholesome fun, and genuine startling sensations to a greater number of theatergoers, old and young, high and low, than "The Phenix." Writers for the press, who tried to bury it under columns of criticism after or eighteen years ago, have to alter guard it as a classic, contrasted with the rot and rubbish with which English builders of machine plays have deluged us during the last fifteen years. Mr. Nobles has frequently said that the wonderful vitality of the play is a greater surprise to him than it can possibly be to anyone else. The elder Chausrau said the same thing of Kit, and absolutely disliked to play the part for years before his death. But the public demanded it and would go to him in nothing else.

Remember this great play will be at Washington Opera house tomorrow evening.

THEY CAN'T AGREE.

The Committee That "Investigated" Attorney General Jackson.

The Joint Judiciary Committee which has been investigating the official conduct of Attorney General Hendrick on account of the reflections thrown upon his action in compromising railroad suits, and which was referred to in Governor Brown's message, has agreed to disagree, and two reports will be made.

The majority report, signed by all of the committee except Messrs. Hanks, Vance, Quigley and Sanders, after reviewing all of the facts in the transaction and calling attention to the charges made, concludes by indorsing the action of the Attorney General.

The minority report, signed by these four, will hold that as a legal proposition the Attorney General had no right to make a compromise.

The only difference in the two reports will be that one holds he had a legal right to make the compromise, while the other will hold that he had not.

Just see the fine 14c. of Dan. A. Linn's for 10 and 12c. per dozen.

THE White Collar Line carries tobacco from Home to Louisville for \$1 a bag-head.

WILLIAM F. BURMAN, a prominent and respected citizen of Carlisle, died at the age of 75.

A DRUNKEN MAN went to sleep in a skiff at Utica, Ind., and when he woke up he found himself in Louisville.

CALDER BRAGO, head of the firm of Van Antwerp, Bragg & Co., Cincinnati, dropped dead on a train in the East.

ANY one troubled at night with a persistent cough can produce much-needed rest by taking a dose of Ayer's Cherry Pectoral.

THOMAS CALDWELL, living near Danville was found with a bullet hole in his abdomen and may die. He refused to tell how or by whom he was shot.

THE bill to increase by \$1,500 the salary of Judge R. H. Thompson of the Louisville City Court, was defeated in the House at Frankfort, last Saturday has been reconsidered and passed.

SAN FRANCISCO and Sacramento, Cal., first-class tickets now on sale by the G. and O. at \$38.35. Round trip \$61.50. The lowest rates ever quoted to the Pacific coast. W. W. WICKOFF, Agent.

ASHLAND NEWS.—Mason County's Fish and Game Club will prosecute all hunters and fishermen found violating any of the laws pertaining to either sport. That's where Boyd is in the soup. We have neither the fish nor the game, much less the club.

MISS MAGGIE PATTERSON, whose mind is affected, had her father charge the Misses Embury, four respectable young ladies of Lexington, with keeping a disorderly house. Miss Patrick has been sent to the Asylum, and now the young ladies have sued Mr. Patrick for \$15,000 damages.

OUR friend of THE Ironhorse is becoming sentimental: "When one wanders away from the busy stir of the city into the fields and woods, the merry song of the bluebirds and the shrill croaking of the frogs, never falling harbingers of returning spring, are heard on every hand, and the watchful farmer busies himself with early gardening while the fine weather lasts."

THE LEDGER yesterday stepped into a large wholesale grocery and saw stacks and stacks and stacks of tomatoes put up by a canning factory nine miles from Mayville, but in another state. Next thing our merchants will be buying canned goods from the enterprising Dover Canning Company. Meanwhile, none of our neighbors are buying Fuel Gas from the factory here.

THE interest in the meeting at the Methodist Episcopal Church continues, and the mighty power of God rests upon the people. A large number of who were present last night were greatly benefited because of the presence and help of the Holy Ghost. One soul was saved, and gave praise to Jesus for redeeming love, for pardoning grace. Secret prayer at 5 p. m. Services begin promptly at 7 p. m. Come, praying for convicting and converting power. You are called upon to help do this work.

D. P. HOLTS, Pastor.

THE gross earnings of the Chesapeake and Ohio road for the fourth week of February were \$19,947.67, a decrease of \$4,199.13 as compared with those for the corresponding week last year. For the month of February the gross earnings were \$661,854.47, being a decrease of \$103,935.32 as compared with the earnings for the corresponding month of last year. The earnings for February, 1893, with which the comparison is made, were, however, extraordinarily large, which accounts for a portion of the decrease shown this last February.

THE afternoon service at the M. E. Church, South, yesterday partook of the nature of a farewell service to Rev. H. G. Henderson, who has been laboring two weeks in the meeting. A large number of the members of the church at the meeting had been to them. There were several requests for prayers. At the evening service Mr. Henderson preached on the "Great Commission."

The sermon was of unusual power and eloquence, calculated to encourage Christian people in their efforts to spread the Gospel. At the close of the service a number of the official members of the church and others came forward and engaged with the Pastor in a prayer of consecration that they might be faithful to all Christian duties. The service today will be conducted by the Pastor, assisted by Professor FOGG.

WEEKLY PUBLIC LEDGER.

The First Number Will Appear Saturday, April 7th.

In response to a very general demand, THE LEDGER will begin the publication of a weekly edition, the first number of which will appear Saturday, April 7th.

The weekly will take the old name, MAYSVILLE REPUBLICAN.

It will comprise 8 pages, 40 columns in all, and the subscription price will be \$1.50 a year—strictly in advance.

No paper will be sent longer than the time paid for.

This will not interfere with the publication of THE DAILY LEDGER.

Subscriptions for the Weekly may be sent in now, to begin April 7th.

STURGEON OUT.

Vigorous Opposition to Admitting Them as Teachers in Pittsburgh.

It is stated that the Central Board of Education at Pittsburgh will reject the application of the nuns for teachers' certificates at its coming meeting, a straw vote showing but of the thirty-seven members in favor of issuing the certificates.

In this event Rev. Father Cosgrove will likely take up the case to compel the Board, through the Courts, to recognize the nuns.

If the applications are acted upon favorably, the Junior Order of American Mechanics will at once take the matter into Court.

Large sums have already been contributed for this purpose, and it is the intention to carry the case through the highest Courts in the land.

The closer money is the farther you are from reaching it.

A rose without thorns is not near so desirable as a fish without bones.

Price cuts no figure in some articles. Cod liver oil would not become a popular beverage if it were reduced to five cents per gallon.

It requires neither pen, paper nor ink to write about face.

A man is never satisfied with the mind he has. He's always changing it.

Very often a young lady who is penative before she marries becomes expensive after she marries a rich husband.

A man should never drop his countenance. It might break his face.

There is nothing strange in the wife of an India-rubber manufacturer presenting her husband with a hounding baby boy.

No wonder a capitalist makes a success. He always takes so much interest in his business.

If the man who is blessed with seven marriageable daughters has a dog, he generally keeps him tied.

AGUESTA, profiting by sore experience, proposes to restrict the erection of frame houses.

THE MAGIC CITY.

GREAT SUCCESS OF "THE LEDGER'S" GIFT TO PATRONS.

Instructions How to Get a Set of the Handsome World's Fair Views Published.

THE LEDGER on Saturday began distributing to its patrons the finest series of World's Fair Views that have yet been issued. This is the testimony of all who have seen them.

Now, we will try to make plain the way to get them:

First—Cut out of THE LEDGER this coupon:

Public Ledger.

Magic City Art Portfolio Coupon.

Mail or bring to the office of THE LEDGER, 100 N. Third St., a set of different dates, and Ten Cents in silver, and receive Art Portfolio No. 1 of the World's Fair.

NOTE—Six Coupons of different dates and Ten Cents are required for each Portfolio. There will be sixteen numbers.

March 9, 1894.

Second—When you have cut out SIX coupons of different dates,—if you live in the city and your paper is delivered by carrier,—bring them to this office with TEN CENTS, and one book of the Views may be given to you. If you live at some other place, send the six coupons and ten cents by mail to this office and a book will be sent to you by mail from Philadelphia.

Third—If you have mislaid any of your coupons, you can get the books at 15 cents each, and you can get the book numbers at any time. After the work is finished appropriate binding can be had at a small cost.

The set comprises sixteen books, and when completed it will form a most magnificent volume. There's no other way in which you can secure such an art treasure for so little money.

PLEASE REMEMBER.

When we say six coupons we don't mean five.

When we say coupon, we mean the coupon with the border around it and not a piece of it.

The date at the bottom of the coupon is changed every day, and you must send out six of different dates.

Under no circumstances will any exceptions be made to the above requirements.

**Merchants,**  
**Attention!**

Please read THE LEDGER'S proposition, under head of "Where to Buy," to be found in another column, and then have your name placed "on the list."

**A BIG FIGHT**  
**Takes Place On the Ohio Side Yesterday Afternoon Near Aberdeen.**

A big cocking main took place about two miles South of Aberdeen on the Ohio side yesterday afternoon, which was participated in by quite a number of sports from this city, Carlisle, Paris, Portsmouth and Ironton.

The two principal fights were between Carlisle birds and Mayville birds and the other was Ohio against Kentucky.

Every skiff on this side of the river was out for the afternoon, and it was indeed amusing to see the sports down a couple of miles to cross to the other side.

The fight was held in a large barn on the top of a hill near the river.

It was impossible for THE LEDGER to learn who won the fights, as no one could be found who was at the scene.

There is no question about it, those who had the fight in charge conducted the arrangements in a very quiet manner.

This is the first daylight chicken fight that was ever known to take place in this vicinity.

THE LEDGER learned this morning from one who ought to know that there were sixteen fights altogether and that the Mason county sports came out victorious.

Here only had one bird on the battleground, but won that fight.

The attendance was seventy-five, and a great many prominent business men of the city were among the number.

An Aberdeen Constable appeared on the scene but only had one deputy with him, and rather than tackle the crowd he returned home.

**MAYSVILLE WEATHER.**  
**What We May Expect For the Next Twenty-four Hours.**

**THE LEDGER'S WEATHER SIGNALS.**  
White streamer—FAIR;  
Blue—RAIN or SNOW;  
With Black ABOVE—"WILL WARMER grow."  
Unless Black's shown—"no change we'll see"

The above forecasts are made for a period of thirty-six hours, ending at 6 o'clock to-morrow evening.

**BEH CHOICE OF MAN.**

I will not wed a millionaire, to be accused of crime

If he should chance to pass away a bit before his time.

A poor man's wife I'll never be to bake and stew and broil,

With half a dozen little ones to add to all my toil.

I will not wed a handsome man, a "sport" would not suit me—

They're bound to have another wife, and sometimes two or three.

A homely man is not my style—"dude" I would detest—

I could not love a solemn man nor one who's prone to jest.

Will not wed the man who seeks for years my love to gain;

For fewness of his suit would always bring me pain.

I will not wed the man who claims to love me at first glance—

In fact, I will not wed at all—until I get a chance.

**W. J. BLOUNT** of Louisville will wed Miss Mattie Robinson at Carlisle next Thursday.

Will the Editor of The Bulletin kindly give the dates of the numerous strikes that he charges up to the re-actation of wages under Republican rule?

BRING so particular himself about dates, perhaps Brother MARSH will favor THE LEDGER with the date of the millennium that he said would follow the repeal of the Sherman Silver Law.

INSTEAD of \$100,000,000 of 5 per cent. bonds, as contemplated by the Republicans, the Democrats get along with \$50,000,000 of 3 per cent. bonds.—Bulletin.  
Verily. But just don't send your shirt to the laundry till all the returns are in. At the present rate of excess in expenditures over receipts, it will not be many months before Secretary CARLISLE will have to issue another book of bonds. Please mark this down.

WE'VE been so very busy the past few days that this week's elections in Maine and Iowa were almost overlooked. The same thing has happened with Brother MARSH; but as the Republicans appear to have swept the platter and wiped the dishes dry everywhere, it was hardly to be supposed that he would find it out this side of kingdom come.

NEWSPAPERS which observe the rule, "Say nothing but good of the dead," will set their obituary notices of General JEREMIAH A. EARLY short. That as a soldier he tried to destroy the Government which had educated him for its defense, that as a civilian he did what he could to prevent the acceptance of the surrender of Appomattox in good faith, and that as a Southern leader he lent his name and influence to the building up of the Louisiana Lottery, are the three salient facts in General EARLY's career which even charity for the dead cannot pass in silence without injustice to the living.

THE "howls" continue, and these have the "dates" attached:

KINGSTON, N. Y., March 7th.—The cigar factory of Powell, Smith & Co. has reduced its working hours to five hours a day. The firm employs 800 girls.

DOVER, N. J., March 7th.—The men employed in the Mount Pleasant mine, at Port Oram, went on a strike for an increase of wages. They are receiving ninety cents per day, and ask for \$1.25.

PITTSBURGH, March 7th.—The convention of miners of the Pittsburgh district decided to maintain the three cent rate for mining, but not to strike at present on account of the prevailing depression.

BELLARE, O., March 7th.—Another reduction of 10 per cent. in wages was made at the Bellare Blast Furnace. This makes the second reduction this year, and affects over two hundred men.

The Cleveland, Lorain and Wheeling Railroad have suffered a reduction of 22 per cent. all along the line; average daily wages ninety cents. Puddlers at Etna Standard Mill, at Bridgeport, Ohio, and Greenwood, W. Va., would not stand a reduction from \$4.75 to \$4 per ton and the mills are closed down. Fifteen hundred people are idle. Average daily wages paid section men on B. & O. and C. Railroad, with last reduction, amounts to seventy-nine cents.

CHICAGO, March 7th.—Count Lubinski, who was going to plant a Polish colony of sugar beet farmers in Antelope county, Nebraska, has given up the enterprise. He said, in an interview with a reporter for a local paper, that the unfriendly tone of the Wilson Bill toward sugar made it impossible for him to interest capital in the best sugar refineries which were included in the colonization scheme and would he know just what the Wilson Bill would do in the way of bounties and tariff he and his associates would do nothing.

DO the people elect Congressmen to vote or to filibuster?—Kentucky Democrat.  
As they haven't sense enough to fill anything else we guess they do.

THE cheapest Democrat that has developed for some time is JOSEPH T. BERNIER of Louisville. For accepting a bribe of \$25 he was fired from the Board of Council.

A SOLEMN FACT.  
Emilia Guadalupe (Dem.)—The Democracy has not won a victory, local or state, big enough to wad a popgun since March 4th, 1892.

ONE EXCEPTION.  
St. Louis Globe-Democrat.—Democratic rule has a shrinking effect upon everything that it touches except the public debt.

RIDDLED.  
Baltimore American.—Mr. Cleveland's Hawaiian policy now looks very much like a target after the shooting tournament is over.

THE JOB COMPLETED.  
Chicago Inter-Ocean.—An Ohio Congressman says: "The next campaign will be one of education in the tariff." There will be little need of that. The Democratic party has already done the educating.

THE PRESIDENT'S HUMILIATION.  
Chicago Inter-Ocean.—As every person is supposed to give up some pet diversion or self gratification during Lent, how would it do for Grover Cleveland to give up his efforts to make the people believe that he is the Governor?

SOUND INDEPENDENT ADVICE.  
Philadelphia Ledger (Ind.)—To defeat, if possible, or even to delay, the passage of the Wilson Bill is the gravest obligation of every Senator who believes that duty to his country will move all, and that by doing it he will best serve both his country and party.

A DRISK TOWN.  
Atlanta Constitution.—"Liberal town, is it?"  
"You bet!"  
"What did it give the former editor?"  
"Six hours to leave."  
"Call that liberal!"  
"You bet! Lynched the first one!"

TIME EVEN YET.  
Baltimore American.—The Pennsylvania landlaid was calculated to test Democracy's hand in the handwriting on the wall, but a tremendous placard spread over the broadside of the Democratic barn. The Democratic majority in the Senate has yet the power to arrest the complete annihilation of its party, and restore to the people a modicum of the prosperity enjoyed under Republican rule.

NARVILLE, TENN., March 6th, 1892.—The Stockton Medicine Co., Nashville, Tenn.—Gentlemen: It gives me exceeding pleasure to speak of your Antiseptic, as I consider it something wonderful in the way of medicine. My old servant Albert, who is 72 years old, was very sick with pneumonia, complicated with heart trouble and dropsy. I called in my family physician and gave him every attention, but the doctor said he could do nothing for him, and he was in a very bad way. At this point I decided to give him Stockton's Antiseptic, as I had heard it was a powerful medicine for all kinds of ailments. I gave him a regular dose every three hours, and after the first dose, and a decided improvement was noticed the first day. In three days he was sitting up, and a week he was back at his work as usual, and is now in his usual health. I am a constant believer in the old man's life. Respectfully yours, J. H. B. No. 5 New House. For sale by Power & Reynolds, druggists.
